

Camargo Hunt Club

The Boone Conservancy owns over 128 acres of hilly, natural woodland near Belleview Bottoms along KY Route 18. The land is home to the Camargo Hunt Club, which still hunts the area. The land was purchased for conservation efforts, however its acres of dense woodland, capacity for hiking trails, and location amongst a network of public natural and heritage sites (the Dinsmore Homestead, Middlecreek Park, Boone Cliffs, The Conservancy Park) enhances its potential for a future park site.
